

## Gift Tins

Cases of 6 each • \$35.94/case

Each tin holds  
12 Biodegradable Pyramid Sachets

Our biodegradable bags are made from Soilon. Soilon is a material made of poly-lactic acid filaments derived from corn starch.

We use full leaf tea - ideal for these bags. Their permeability allows the tea leaves to expand properly, brewing a robust cup of tea.

**Earl Grey Gold Black Tea:** Our Organic Earl Grey Gold is a bold black tea with Bergamot and Calendula Petals. The Calendula makes this blend bright white keeping the traditional flavors of a classic Earl Grey.

**English Breakfast Black Tea:** A traditional classic tea made with the finest organic full leaf teas from the highlands of Ceylon, a region known for teas that are brisk and light. With a golden infusion this tea is bold with citrus notes.

**Peach Honeybush Herbal Tea:** Honeybush is a cousin of Rooibos and has a similar, but sweeter taste. The peach in this tea makes for a robust cup of tea, full of floral flavor. This tea is great iced too. Naturally caffeine free

**Chamomile Apple Pie Herbal Tea:** This classic evening tea contains organic Chamomile Flowers and apple pieces. Naturally caffeine free, apple pieces add crisp notes resulting in a light sweet taste that is refreshing and soothing.

**Southern Pecan Green Tea:** This organic green tea has a nutty, taste that blends perfectly with the buttery taste of pecans. The combination of these two flavors makes this tea rich and satisfying.

**Love & Laughter Herbal Tea:** This organic sweet rose tea, with a wonderful floral bouquet, contains Western, Ayurvedic, and Chinese herbs such as Licorice Root, Holy Basil, and Yarrow. Have a cup when you want a lift and a positive vibe.

**Memory Magic Herbal Tea:** This minty organic blend with maple, earthy notes contains traditional herbs such as Gotu Kola, Holy Basil, and Sage; great when you want your focus sharp and mind at its best.

**Recovery Herbal Tea:** This organic blend has a lemony flavor and powerful herbs like Linden Leaf, Lemon Verbena, and Hibiscus Flowers; use post workout, after a stressful day, or whenever you need to recharge.

**Worryfree Herbal Tea:** This fragrant Jasmine, Lavender blend contains a hint of honey and herbs such as Ashwagandha and Kava Kava. A great tea to help you relax and settle down for a good night's sleep.

**Endurance Herbal Tea:** This organic invigorating citrus blend contains Lemongrass and Eleuthero Root, along with other Western, Ayurvedic, and Chinese traditional herbs; great for athletes, moms on the go, or the all-night study session.

## Biron Teas

Biron Teas is an organic local craft tea company located in Macon, GA. It was founded by Andi & Roland Biron, a husband and wife tea-m. Their teas combine Andi's Masters in Alternative Medicine with Roland's culinary and luxury hotel experience. The result is beautifully balanced teas & tisanes.

Their teas are blended in small-batches, using local herbs when available. In addition, they use organic whole leaf teas and herbs, not remnants and do not powder or pulverize any of their ingredients. Whole leaf and herb teas result in a richer beverage with boosted benefits.

Sustainability plays a large part in their business. They package their teas in overwraps and pyramid bags that are both biodegradable and compostable. This is quite revolutionary for the industry and they are proud to offer green packaging. Their gift tins are made from recycled materials as well.

All their teas are produced, blended, and bagged in their factory located in Macon, GA. They manufacture all their products which allows them to create regional blends, custom blends, and co-pack for other artisan tea makers.

They became an organic facility in 2019, meaning they can produce, make, blend, and bag organic teas. Biron Teas has taken measures to source from farms and producers they trust, making a better cup of tea for you!
